Portfolio (Coming Soon!) | LinkedIn: https://www.linkedin.com/in/joshua--leslie/

Summary

Aspiring IT programmer with experience in **Java, C, and JavaScript**, troubleshooting, networking (**CCNA Introduction**), and version control (**Git, GitHub**). Passionate about **software development, problem-solving, and continuous learning**. Seeking an **entry-level programming role** to apply technical skills and gain hands-on experience.

Technical Skills

- **Programming Languages:** Proficient in Java, C, and JavaScript
- **Operating Systems:** Windows, Linux (Ubuntu)
- **Databases:** Basic SQL knowledge
- **Networking:** Understanding of networking principles (Cisco Packet Tracer)
- **Version Control:** Git, GitHub
- **Development Tools:** IntelliJ, Code::Blocks, Visual Studio Code

---

Projects

Portfolio Website (Coming Soon!) – *HTML, CSS, JavaScript*

- Designing a **responsive, space-themed** portfolio website to showcase my projects.
- Implementing a **multi-page layout** with smooth navigation using a navigation bar.
- Hosting planned via **GitHub Pages**.

Simple Java Console Application – *Java*

- Developed a basic **CRUD (Create, Read, Update, Delete)** console application for managing student data as part of an academic project.
- Used **Object-Oriented Programming (OOP)** principles such as encapsulation, inheritance, and polymorphism.

Education

Nova Scotia Community College – eCampus
College Diploma in IT Programming *(Expected Graduation: June 2026)*

Maritime Business College, Dartmouth, NS
College Diploma in Veterinary Assistant *(Graduated: August 2015)*

Relevant Coursework

- **Logic & Programming / OOP:** Object-Oriented Programming (OOP) Fundamentals
- **Database Fundamentals:** SQL queries, data retrieval from relational databases
- **Networking & Security:** IP addressing, subnetting, Cisco Packet Tracer configuration
- **Web Development:** HTML, CSS, JavaScript fundamentals
- **Programming in C:** Pointers, memory management
- **Operating Systems (Windows/Linux):** Command-line interface usage, fundamentals

Work Experience

Dominion Biologicals Limited (Subsidiary of Immucor Inc.) – Dartmouth, NS
Shipping Technician *(June 2023 – July 2024)*

- Managed outgoing shipments to **hospital laboratories** across Canada and internationally.
- Tracked shipments and maintained **inventory accuracy** using LN software.
- Ensured compliance with **WHMIS and biohazard disposal regulations**.
- Collaborated with **customer service and logistics teams** for efficient distribution.

Nova Scotia SPCA – Dartmouth, NS
Animal Care Attendant *(May 2015 – June 2023)*

- Performed **data entry** and maintained accurate **animal health records** using PetPoint.
- Provided **daily care, feeding, and medication administration** for animals.
- Assisted with **health checks, treatments, and customer interactions**.
- Ensured **facility cleanliness** and adhered to **safety protocols**.
- Handled **administrative and clerical duties** with minimal supervision.

Soft Skills

- Strong problem-solving and analytical skills, demonstrated in troubleshooting and debugging coding issues
- Excellent teamwork and communication abilities, showcased in collaborative projects with my classmates
- Passionate about continuous learning in IT and software development, actively pursuing courses and certifications
- Highly efficient time management, adept at juggling multiple tasks and meeting deadlines
- Thorough attention to detail, ensuring accuracy and quality in all work
- High level of empathy, applied in providing exceptional care and support at the NS SPCA
